

**COMMERCE AND BUSINESS ADMINISTRATION
CSIS 1280: MULTIMEDIA WEB DEVELOPMENT
Assignment 2**

**Due date: November 8, 2020
(4 % towards your Final Grade)**

Your Assignment is to create the following web form used to collect the customer feedback.

Requirements

Create index.html and styles.css files. You will need logo.png, back.png and favicon.png files. Must include the following:

- Labels and the input boxes. Associate each label with its input box control.
- Fieldset and Legend
- Data List containing the suggestions: Mr., Mrs. and Ms. Apply the data list to the Title field.
- Email Address Input, Telephone Number Input, Search Field Input
- Slider Form Control, Calendar Form Control, Spinner Form Control
- TextFields, Radio Buttons, Checkbox, TextArea, Select Lists, Submit and Reset buttons

Responsive Design using FlexBox

- Display page without any background so it covers the entire viewport when the viewport size is a maximum of 1024 pixels (a typical tablet display)
- Display a single-column page further optimized for smartphone display when the viewport size is 768 pixels or smaller.

Tablet Display

All the images including the favicon must be placed in a subfolder named as images.

All CSS style rules must be placed in one external style sheet only.

You must validate your HTML and CSS files.

Submission:

- Your submission should be a **single zip file** named **lastname_StudentID** that contains your webpage. Also include your name and Student ID in the footer section of your webpage.
- You need to submit your assignment through the Blackboard community by the due date. **NO LATE SUBMISSION** will be allowed.
- Be sure to cite the references in the footer section of your webpage.

Note: The assignment is to be completed individually. Any form of cheating or sharing of work may have serious consequences.

General Guidelines

1. You can change the font type, font size and font color as long as there is a standard format (consistent scheme).
2. You can change the color scheme as long as there is a consistent theme.
3. You cannot change the textual information in the page. You must implement what is shown above.
4. The general design should be the same as the above page.
5. The page should have its mobile equivalents.

Rubrics for Grading:

- 6 - Meeting all the requirements
- 2 - Coding Validation (both HTML and CSS)
- 1 - Meeting all the requirements for tablet display
- 1 - Meeting all the requirements for mobile display

Note: Each non-meeting requirement will incur a loss of 0.5 mark.
