DOUGLASCOLLEGE

COMMERCE AND BUSINESS ADMINISTRATION
CSIS 1280: MULTIMEDIA WEB DEVELOPMENT
Assignment 1

Due date: October 10, 2020
(4 % towards your Final Grade)

Your Assignment is to create a website that describes a city of your choice. The website must include the following pages:

- Home Page
- Arts & Culture
- News & Events
- Recreation

Requirements

Write from scratch the HTML and CSS files and show your creativity, aesthetics and imagination. Begin by creating a wireframe diagram that indicates the structure of the web page. Use grammatically correct sentences that provide reasonable flow through each web page. Include the following:

- Structural elements (header, nav, main, div and footer)
- Headings (h1, h2, etc.), paragraphs, blockquote and span
- At least five different phrasing elements in your website that fit the flow of the page
- Unordered list and description list
- Three special characters (entity characters)
- CSS properties (configure color, background, text, padding, border, margin, box-shadow, opacity)
- CSS Id, class and descendant selectors
- Images with captions (use figcaption)
- Favicon
- At least one background image that configures a linear or a radial gradient

All the images including the favicon must be placed in a subfolder named as images.
All CSS style rules must be placed in one external style sheet only.
You must validate your HTML and CSS files.

Submission:

- Your submission should be a **single zip file** named **Assignment1_StudentID** that contains your entire website. Also include your name and Student ID in the footer section of all your webpages.
- You need to submit your assignment through the Blackboard community by the due date. NO LATE SUBMISSION will be allowed.
- Be sure to cite the references in the footer section of your webpages.

Note: The assignment is to be completed individually. Any form of cheating or sharing of work may have serious consequences.

Rubrics for Grading:

6 - Meeting all the requirements
2 - Coding Validation (both HTML and CSS)
1 - Navigation (navigational links are working properly)
1 - Visually Appealing Graphics
